

Transport class vehicle owners asked to fit reflectors

Port Blair, Sept. 21

All owners of transport class of vehicles have been asked to mandatorily fit Reflectors i.e. conspicuity tape in all transport vehicles. Before producing the vehicle for annual inspection, such owners should ensure that their vehicles are fitted with Retro Reflective Tapes. The tapes should be two white retro reflectors in the front, one each at right and left corners at a height not exceeding 1,500 mm above the ground.

Two red reflex reflectors should be fitted in the rear, one each at the right and left corners at a height not exceeding 1,500 mm, above the ground. The area of the reflectors shall not be less than 28.5 Sq.cm. in the case of vehicle with overall length exceeding 6 metre and shall not be less than 7 Sq.cm. in case of other vehicles.

Two amber coloured reflex reflector on each left-hand and right hand side of the vehicle, one set as close to the front end as possible and the other set as close to the rear end as possible. The height of the side reflectors and the ground shall not be more than 1,500 mm. The areas of each reflector shall not be less than 28.5 Sq.cm.

The reflector shall be reflex type conforming to the Indian Standard IS:8339-1993 specified by the Bureau of Indian Standards, a communication from the Registering Authority, A&N Administration said.
